

March 22, 2009

Dear Scholarship Committee:

Thank you for awarding me one of your 2009-2010 scholarships. I plan on attending either Texas Tech University or Texas A & M University. Both schools are known for their engineering programs.

This scholarship will greatly help with the costs of attending college - tuition, books, and dorm. I will be sure to keep you all apprised of my grades each semester. And each day I attend classes, I will be thanking you all for your confidence in my abilities.

Once again, thank you for helping make my career goal possible.

Sincerely,

James W. Griffin

Dear Mr. Skinner,

As a recipient of the Gulf Coast Scholarship, I wanted to thank you for all of your hard work. As a result of your tireless efforts, I am scheduled to graduate in 2011 with a BBA in Marketing, Advertising, and a minor in English. Thank you for making this scholarship such a rewarding gift to receive during these harsh economic times.

Thanks again,

Maggie Griffin
